WHY EXETER INTERNATIONAL?

At Exeter International we have been creating memories and crafting our trademark extraordinary journeys to Central Europe, Russia, and Central Asia for 23 years. Our specialty is to distill the best of the best in iconic places that are on so many people's travel must-do list.

We are not a call center of nameless, faceless people. We do not try to be everything to everyone. We are a small team of specialists. We are all committed to providing the best travel experiences to our destinations. Each member of our team has travelled extensively throughout our destinations, giving them insider knowledge lacking in many other tour operators.

Our Extraordinary Experiences are different, unusual, and often closed to the general public. We can offer special insider access that takes you beyond the typical tourist sites. We know how important it is to remain authentic and increasingly going beyond the well-known sites is what is important to our guests—discovering the little known museum or street market that adds to their experience. We do this through our local knowledge, cultivating our extensive contacts and regularly visiting each destination to enable us to share the most up-to-date insider information with you, our valued partner.

The most important part of your trip will be your guides. Guides come in many quality levels, especially in Russia. We have worked with a core group of the best of the best for over 20 years. We know them like family and if they weren't the best, they wouldn't work for us. Simply stated, a guide can make or break your experience. You should have 100% confidence in who is introducing you to your guide and the level of guiding that you are going to get throughout the countries you will be visiting. The best does indeed cost more and we pay our guides at the very top of the market, with pride.

You'll also want to know what kind of vehicle your tour will include. We use luxury late-model vehicles, often Mercedes, Audi, BMW, or Volkswagen, depending on the size of the vehicle you need. You'll want to see things that may or may not be open to the public and go in early or after hours before the crowds whenever possible. We also make every effort to skip lines whenever possible. Avoiding long museum lines is one of our top priorities and we work hard to minimize the wait time to get into the most popular sights in each city, maximizing your time in each destination.

You'll want impeccable planning and someone to bounce ideas off of before your trip and speak English as well as you do while planning your trip so there are no cultural misunderstandings when you arrive. You'll also want someone to talk to if your trip is not perfect when you get home. These are all ways that we distinguish ourselves from all other companies.

A lot goes into our travel program design. We arrange the program so that it is flawless and effortless for our travelers from the time they set foot in the first city until they leave us. The expertise to set up an itinerary like this comes after years of investing in staff on both sides of the Atlantic, and this too is a value that is incorporated into our traveler's trips with us.

DAY 1

VISBY

Your guide will meet you on the pier for your private tour of Visby. Today you will have the opportunity to visit the best preserved medieval city in Scandinavia. Visby, named a UNESCO world heritage site, still maintains its two mile long stone wall fortification built in the 13th century.

The stone wall features Maiden's Tower (Your guide will tell the tragic story behind the tower) and Powder Tower, which is the oldest fortification tower in Visby. Within these walls are numerous buildings from earlier centuries including the Visby Sweden Cathedral, numerous houses from the Middle Ages and the Dominican Monastery of St. Nicholas which features a large Rose window in its gable.

Also located on the island are the Botanical Gardens which has given the city its nickname the "City of Roses". The gardens were founded in 1855 to educate the young people of Visby about nature. Due to its location and shelter provided by the protective wall you will find a variety of plants normally found in warmer climates.

Cars are banned in the Old Town during the summer months so you can enjoy strolling the cobbled streets and view the original Hanseatic harbor. Visby is home to many highly skilled artists and you will find numerous studios featuring ceramics, textiles and metalwork.

Return to the tender pier in good time for your departure.

Within those time and mileage guidelines, your driver and guide are at your disposal, so you are free to modify your program as you please. Should you require additional time or mileage, the costs will be quoted on request and may be paid for locally in the local currency or U.S. Dollars.

Every effort has been made to confirm that scheduled sightseeing venues will be open at the time you plan to visit them. However, individual estates, museums, gardens and other points of interest can change their hours of operation at short notice. In the event that a particular attraction is closed on the day or time of your visit, your guide will offer alternative arrangements or rearrange your sightseeing to accommodate these unexpected events.
